PROJECTS

Dribbble-project -This web app verifies user emails for Dribbble. It has two pages: one for profile picture selection and the other for email verification. Users upload a profile picture, then verify their email. Profile picture choice persists. It's user-friendly and responsive, enhancing Dribbble's onboarding process.

Link- https://github.com/Twinkle589/Dribbble-internship-project

Visual Basic app for coffee shops. It'll handle orders, inventory, payments, customer info, staff schedules, and reporting. With a user-friendly interface, database integration, security features, and reporting tools, it's designed to boost efficiency and customer satisfaction
